

Spray Dump Gun 2500

High pressure gun with mechanical valve

Part No. 7009210

Part No. 7009318
without spray tube, bypass tube
and nozzle holder

Technical Data

Max. working pressure:	2500 bar
Hose connection:	Pressure screw M 26 x 1.5 Pressure ring M 14 x 1.5 LH
Length of spray tube:	750 mm
Length of bypass tube:	approx. 400 mm
Nozzle holder:	M 14 x 1.5 LH for straight jet nozzle type 0952
Weight:	approx. 3,5 kg (complete) approx. 3,1 kg without spray tube and nozzle holder

Additional Equipment:

- Initiator for remote control Part No. 7009219
- Shoulder stock Part No. 7009215
- Straight jet insert nozzle see page Z45-1
- Fan jet insert nozzle see page Z50-1
